*I had the pleasure of working with Alicia when she was a RN student at Baptist School of Health Professions. She was always pleasant and professional. She was very dedicated to her education. She habitually traveled several hours to complete her studies. Alicia will be truly missed. My heart and prayers to her family.*

*I was one of Alicia's instructors when she was a nursing student at the Baptist School of Health Professions. I was in awe of her completing her studies while traveling long distances to and from school and having a baby during the same time. She was a true professional. Very sorry to hear of this loss for her family and for the nursing community.*

“ *As a part of Alicia's extended family I must say that we lost someone who was a really an asset. Her life reflective of her loving nature. She will be missed and remembered for her kindness and caring nature. I am thankful for the time she spent with my daughter after her birth and the encouraging words that got me through the "colicky phase". I am also thankful for every precious moment she spent with our dad. The hours and minutes of that time together prior to his passing was absolutely priceless. Her children will always be blessed by the seeds she sowed. God gave us a beautiful gift when you entered our lives and if only temporary it was valued. May your family forever honor your name and reflect the example of goodness you displayed in life. May God continuously bless the wonderful children she bore and the other family she leaves behind.*

“ *My condolences to your family. Alicia had a warm heart and always made me smile. Never will I forget when she out of nowhere picked me up from work and we redecorated together; all because I was having a tough day; she always tried to make Things brighter and look at the positives. I will miss her friendship dearly. Until we meet again Ms. Alicia.*
