“ Through your grief my prayer is that you will be assured that SGT McGaughlin was exhibiting the true warrior spirit at the time of his passing. Putting his commitment to his service and his fellow Soldiers ahead of himself...for that you should be filled with pride. It is clear that he built special relationships through the NC National Guard and his brothers and sisters in arms share your loss and are at the same time committed to honoring him with the performance of their duties. During these difficult times, my prayer is that you will find God especially close, providing needed strength, comfort, peace and understanding. We appreciate the service and sacrifices of your family. God bless you!

Alonzo McLaughlin, you were there to help me start my day off in psych after we had the shakeup with a former colleague leaving. You taught me things about working there that I continue to use to this day. Thanks for having my back. I'm going to miss you. Rest in peace, sir.
