“ *My father lives on in spirit and memories. He was a good man. He always knew how to make someone smile even on their worst days. My father loved unconditionally. To me he is still here. I can't grasp the idea that I will never see him again in my lifetime. I love and miss him so much. If I could see him again just for one moment, I wouldn't tell him anything, I would just embrace him in a huge and kiss like I use to do everytime I would see him. I MISS AND LOVE U DAD.*

“ *I only knew AJ for a short while, but from the first day that I met him at work he made me feel welcome. He would see me from across the work room floor and he would yell, "Freddie" This was special to me because he did not do this to others. I miss him already. God bless AJ and his family.*

“ *From the day my family moved in next to you, you have been a great neighbor. You helped my son and I put together our trampoline when you saw us struggling...and helped with the pool as well.... You made it a point to tell my son (LJ) if he ever needed anything he could come to you or your wife...its still surreal that your gone and I keep waiting to see you outside... rest easy in the sky and no worries we will be here for Tez and Carol if they need us*

“ *I am sorry to read about the passing of your loved one. The loss of a loved one grieves the heart and makes us yearn for tomorrow, when Jehovah God keeps the promise he made at Rev 21:3-4 when death, mourning, outcry, pain and sorrow will be eliminated. Isn't that good news, these things that cause mankind so much pain will be eliminated.*

“ *Uncle Beef, my man. As each day passes its not getting any easier. Although we didn't talk daily, the realization that I will no longer be receiving a phone call from you is tearing me apart. Hearing your calm and ever so cheerful voice is still present in my mind. I wish I had the opportunity to talk to you one last time, even if just for a second. I know one day we'll meet again. Until then, rest peacefully Uncle Beef.*
