“ *Father Joseph was a saint among us, and it's heartbreaking to realize that he has died. My husband and I and our three children will always remember him with profound love and gratitude.*

*When I was the director of the Homeless Coalition, Father Joseph opened his heart and his church to everyone who appeared at our door. He truly understood and appreciated the concept of "the least of these." As modest as he was, I'm sure that he never thought about the huge, positive difference that he made in thousands of our lives. However, those of us who were privileged to know him and spend time with him became stronger and wiser and more compassionate because of hm.*
