“ *I think every single person that was blessed by her presence knew exactly how much of an angel this woman was. She was in my life from day one and I wish I would have been with her more often in my more mature years but I will never lose any of the great memories that were possible because of her. I never seen it growing up but I now know what a devoted loving mother is because of her. All I can remember was her always working now matter where at....at the beach at the amusement park anywhere she had her work and not only because she loved it but because even though she wanted nothing she wanted to be able to give her kids anything they ever wanted or needed. I am grateful for her am will only ever try my best to be someone like her. I love you Carroll and I miss you.*

“ *Carroll Dennis was my ex-wife. I hadn't seen her in over 20 years, but I thought of her and wondered how she was doing. She will be missed.*

“ *I worked with Carroll at Liberty Home Care and FTCC. She was very compassionate and caring. Carroll was one of the most intelligent nurses I have ever known. May she rest in the peace she so much deserves. Love you, Carroll, and will never forget you.*
