“ I remember Ms. Boykin as my 1st grade teacher. She cared for all of her students as if they were her own. She taught me a lot things and had more patience than anybody I know. I speak from experience! I'll never forget her taking the extra time to help me learn how to read. It was not until I was older that I truly understood the push she gave me to want to learn and the importance of a good education. I thought of her often and spoke of her caring and intelligence throughout my adult life. The memory of her as she sat with me erasing my rushed work and encouraging me to take my time and redo it will always be with me. To the family that spent a lifetime with her you were truly amongst an Angel. My thoughts and prayers are with you all.
