“ I met Connie in elementary school - she was the first true friend that I had during those hard times of desegregation, and it saddened me when she left the schools in Fairmont. I kept a picture of her through the years, often wondering about her. Memories of childhood are vague but I do remember how special she was to me when we were young children. She may not have remembered me, but it would have been nice to see her in adulthood and let her know how special she was to me in elementary school. She was precious even then. Thank you Connie for your kindness even as a child. The memory of you remains with me to this day. I express my condolences to your family..

“ Many condolences to the Hayes family as you grieve the loss of Connie (My classmate, Orrum High School 1978). Connie and I shared many days of laughter and conversation during our High School days. She was a sweet young lady. We had good times together.
Much love to Vicky and Ann. Rest well Connie.
