“ Daisy always had a beautiful smile for you her mother stayed across from us in the pines back in the day and I would play with DeeDee and Dinky her kids every time they would come down and see her mother back in the day fast forward to the future I had not seen her in forever so one Sunday at my church she was visiting with her sister Alice Faye and so church was over and I spoke to them and she said Alice and I looked at her and she said you don't even know who I am when she finished that sentence I said Daisy and she was smiling and we just hugged each other. It like I was thrown back in time because there was that same beautiful smile. It was so good to see she was always a beautiful person inside and out. She will be missed family I am so sorry for your loss.
