“ You were my bestfriend in 5th grade. I used to pick you up for school everyday and i would get there and you still weren't dressed playing video games lol. Sorry i turned you down for prom lol. Then you moved out of Brooklyn. We spoke a lot over the years and had our disagreements. I never forgot you and never will. Miss you.

“ Still think about you till this day..you were the first friend I ever lost in my life and the first time ever experiencing that type of loss. I Still get angry about you not being able to live your life out like the rest of us got the chance to..life is so random and unfair..thank u for showing me love back then...it meant the world to me
