“ My heart goes out to Pat and the boys as I am sending love and prayers for my cousin’s family.  
Just received the letter from Pat about David’s death. David was an awesome human being! His success in life was so inspiring to us all. It made me so proud and excited in HS to tell everyone “that’s my cuz” when talking about his athletic ability in track and football. Yet, it was extra special to talk about how intelligent he was (OK, back then we would just say he was “dumb smart”;-)).  
Yes, we all know that he is in heaven looking down on us and knowing that his life still inspires.  
May God bless the family.

“ I have nothing but fond memories of my dear friend David Brian Moore. We grew up together in Bowling Green, KY. Attended school together. We attended Taylor's Chapel AME church together. David was a gentle soul that was selfless. He was the epitome of class and grace. He was always guided by his strong faith in God. We will be deeply missed by all he came in contact. It will always be an honor for me to have been called his friend! To David's brothers, his wife Patricia and their sons know that David lived a life well and enriched the lives of those who knew him. He will forever be in my heart!

“ *David Brian Moore was the epitome of a true gentleman. He was kind, generous, loving, protective of his friends, and extremely selfless (always putting others first). David loved music (especially jazz), and he played the trombone for 4 years in the BGHS band. He was a top athlete both on the high school football field and on the high school track. While excelling in high school sports, David also rose to the challenge and conquered advanced high school academics (resulting in one of the top five gpa's in the BGHS class of 1976). This led David to a bachelor's degree in Biology and Chemistry, which was followed by many years in medical school. As a result, David became a stellar medical doctor. David loved everyone and he had no enemies. Over a 45 year friendship, I never heard him say an unkind word about anyone. The loss of David leaves a huge void in my life. He was my best friend. However, through the years, I have become friends with his beautiful wife, Patricia. They were so happy together; Patricia made David happier than I had ever seen him. When David was around Patricia, his face always lit up like a Christmas tree. And, I have come to love Patricia, as well.*

*Yes, David's body is gone, but he will forever be in our hearts.*

“ *Greg, Roy and family I am sorry to hear the passing of David, as ironic as it is David and I were born on the same day and set the same record in football at BGH. David was well like by all that knew him and very studios to anything he put his head to. His passing is shocking and sad but we know that God is good and it's all in his plan. Please know you have my deepest sympathy and my prayers are with you,*

“ *I am so sorry to learn of David's death. We sat next to each other on the first day of the seventh grade and were friends from that day on. I have so many memories of David that make me laugh and make me cry. David was so smart, so talented and such a great person that it is hard to accept that he is gone. I always wished that David would have moved back to Bowling Green because he would have been an outstanding role model for all of us.*  
*Please accept my condolences, sympathy and prayers.*
