“ *Death is painful; however, death taking a precious jewel like you is more painful. You are a man with a good heart who cared so much about friends and family. You contributed to the development of every single person you met on your path and you never seized to be an inspiration to all. Life without you around to guide, coach, instruct and provide stability again will be quite challenging for some. You have been a great leader and many individuals draw inspiration from you all the time. Thank you for a life well spent.*
