“ *I was Derrick’s CNA. I spent many days talking with him and laughing about movies we were watching. I only got to know Derrick just a short amount of time but I grew to love him. We would tell each other we loved each other at the end of every shift. I would be helping him to eat or getting his vitals and he would always ask me to scratch his head or ears or eyebrows. I would say “You got any money” and he would grin and nod his head and say “I got you”. I will always remember Derrick, not as just my patient but also as my friend. I am praying for the family in their time if need.*

“ My heart has been so heavy sent I heard of Derrick passing. I remember all the times I spent with Derrick when he was growing up in Fairmont . Him and his sister as well as the other neighborhood children would come to my house for bible study. I will never forget him. He reminded me of this very thing the last time I spoke with him and his response was I will never forget what you taught me. I love all those children as if they were mine own children. My thought and pray go out for the family. I pray God comforts your heart and give you peace that passes all understanding.
