“ *On my 36th birthday, I was suppose to go to Jamaica. The trip was cancelled, and the night of my birthday Ms. Detina made my favorite cake for my birthday, and she also made a great Jamaican dish. It was a surprise party just for me themed for Jamaica. I will always be grateful for a friend who thought more of me than I thought of myself. A person who accepted me as I was. A person who invited me into her family to be part of the family, no matter the occasion. I am very thankful to her, and her family for love and acceptance of a person they didn't know. Thank you for inviting me to be apart of your family. I love each and everyone of you and I wish you comfort and love at this time. As I pray for your strength, please continue to pray for my strength during this time.*

Always my friend!!
