I didn't want to let him go but it was just his time

Can someone send me flowers I really need them. I went up there and spoke when they said tributes. He wants me to be happy for him and I am but also sad because I wanted him to stay with me. When the video of him showed up we all saw how he was happy and not in pain when he could move, talk, dance, and all of that good stuff. But he is still here with me in spirit.

“ *I remember when I was having problems when I would cry he would ask me what's wrong I could tell him everything. Now he's gone I got to see him one last time before he was buried. Why did he have to go. He loved to dance but when he was in the coffin he didn't even look like he was sick anymore. He's looking down at us praying for us wishing the best of luck for his family.*

“ *To the Utley family;*

I have known Tony and family for a very long time. Tony was a life long friend from Jamaica Queens, NY.

I remember Tony and Danny when Reggie(GRHS) used to have the cab stand in NY. They have been a part of my life for so many years.

But years and distance passed by and then we met up again one night on Yadkin Rd here in NC and I would remember that dance and face any where. It was Edgar Tony Utley, No one else could do the hustle the way he did. LOL.

We are joined together by love and family.

I will remember you always my friend.

Love Always
