“ *The first thing that you notice about Ms. Person was her stateliness. She always carried herself with such class. One Sunday she became ill doing church service, I drove her home in my car while another member drove her car. Since that time, she and I had become friends and I visited after several procedures. I always tried to make it a point to speak to her when I saw her at church. She always gave me that smile.*

I am sorry for the lost of your love one and my dear friend. My friend Electa was a classy and no non sense lady. She will be deeply missed with her caring attitude toward others. It has been my pleasure to have had a opportunity to meet Electa several years ago. She has been a sincere friend.
