“ Hello Dear Cousin Vernon,

I am so sorry for the loss of your beautiful Father and my dear Uncle. May you trust the Heavenly Father now and always to get you through this time. I feel your pain and I long for the time when there will be no more sorrow, death or pain - for those things will have passed away. Until then, may we continue to encourage one another as we look to the Most High for strength to endure to the end of this system of things. God Bless & keep you now and always. Love your cousin Pamela & Family.
