“ To Rhonda & Family:

I am so sorry to hear of the loss of your dear brother Frank. Although I didn't know him, I did meet him many, many years ago. What a lovely, intelligent, smart man he seemed to be, very courteous and friendly. I know you will miss him, brothers are indeed very special people. You will cherish the love and laughter of brother Frank, thinking of all the good times that you shared with him. Memories will always be there for you to look back on. My prayers and thoughts are with you and your family during this difficult time. May God strengthen you all, protect and keep you well, during this time of turmoil that we are all experiencing dealing with this corona virus. May God watch over us all, bless us with good health, and we know that He is a provider. Franklin is indeed in a better place now, where there is no sickness or suffering. He doesn't have to deal with what the world is going through at this time. May God please give us knowledge, provide a cure and have mercy upon us!. Lord, we thank you.

Brother Frank, rest in peace!

“ Frank was the big brother that i had in my life when i needed a big brother. Biologically he was my Uncle but 'my brother' in life. I have so many great memories about him and with him. He is now resting in peace with God. I will miss him terribly as a part of my heart died when he died. May God bless his soul.
