“ On behalf of the 1968 Graduating Class of Fayetteville State University, we offer our sincere condolences to the entire Family of Mrs. Jacqueline Thompson, who passed on November 17, 2025. I regret not being able to attend the Celebration of Her Life on November 29 due to sickness.

Jackie, as we called her affectionately, had an immeasurable presence about her with a commitment to duty and responsibility. Her sincere, giving and selfless spirit was second to none, all of which was evident in 1964, as a college freshmen 61 years ago. She will be missed greatly! The same is true for many of our classmates no longer with us.

We do not presume to know how to reconcile moments of coexistence between weeping and wandering. Nor do we know how to reconcile the coexistence between grief and glory. What we do know is that God does not make mistakes and these are times when we call on our faith to embrace the ultimate prayer, “Thy will be done.”

We shall continue to lift up prayers and May the Peace of the Lord with all His grace and understanding be with you, Always !

I was a student of Mrs Jacquelyn for Algebra & Geometry at Lumberton Senior High class of 1973. She was dedicated to her student, always spending extra time to help. Her passion for teaching math was infectious.

My heart is absolutely sadden. Ms. Whitfield was my teacher at Lumberton Senior High School. She was an example of being a "Royal Queen" with grace!!! I was one of many that received golden nuggets of life that I carry to this day in my heart.

My prayers will continue to be with the family. May God place peace that passes all understanding to mankind.

RIP Ms. Jackie Whitfield Thompson...

Respectfully submitted with heartfelt love...

“ There are many memories I have of Mrs. Jackie. What I will always remember and cherish about her most is how she was intentional about encouraging me to dream bigger and excel. As my trigonometry teacher, she would make time to ensure I understood the fundamentals. As a mentor and role model, every word deposited and action taken showed me how to maneuver situations with poise, gratitude and a classic, sophisticated type of style. She made such an impression on me growing up that I would practice how she walked in a room. When I would come home to visit, anytime I would see her, she always took an interest in catching up to know how and what I was doing, how my little-big people, mom and Vernice were doing. Her smile and laugh so infectious and always made me feel at home. Even in the last few years, Mrs. Jackie always remained that same very sophisticated, poised, fun loving lady and I am so grateful for her and the friend she was to my mama, her birthday twin. Heaven rejoices a little louder now as she takes her rest. Love me some Mrs. Jackie and my deepest condolences to my adopted family - VJ and I love you!

“ Mrs. Thompson was the epitome of grace, kindness, and style. She was so good to me when I transferred into LSHS after 8 had only attending private Christian high school; I was so intimidated by the change, but she encouraged me and embraced me. Every time I've seen her since I graduated in '81 she called me by name and was the same sweet person she always had been. My condolences; she was one of a kind!!

“ *This is a sad day for me. Mrs. Whitfield as I knew her, was a beautiful woman who strolled the halls of Lumberton Senior High School looking fabulous and smelling like a rose! She was the Advisor for our Pom Pom Girls team and taught me about leadership. Geometry was made more understandable with her teaching techniques.*

She was my mentor and my muse. I loved looking at pictures and hearing about her modeling career. I will forever be grateful for her example and impact on my life. I'm sad she will not be able to read the words I wrote about her in an upcoming book.

To the Thompson family, Jacques and John, I send my condolences and prayers.
