“ Mr. James was a good friend and we spent many hours talking about life, the Bible and our relationship to Jesus. He was a good man that prayed for the staff and other residents at Open Arms. Almost every time I saw him he would say, “Hey Pastor - I have a question” and we would be off on an interesting conversation. I will greatly miss seeing and spending time with him. I considered him a valued friend. Go rest now Brother James, your mission is done.

“ *My name is Pastor Myrtle Andrews. I became acquainted with James during my rest home ministry. James and I shared the word of god often. He was a joy to know and a servant on a mission for God.*
