“ *"From the power of the grave I will redeem them; from death I will recover them..." This a promise not made by the Bible writer Hosea but by the One who inspired him to write those words, our Creator, God. He will fulfill that promise because not one word out of his mouth have ever failed. Another reason is that death was never meant to be part of man's life. So your loving heavenly Father has obligated himself because of love to correct this matter and will do so by means of the resurrection hope. May that hope help in coping with all that the death of your loved one brought. Sorry for your loss.*
