“ *Jess. where do I start. From growing up cousins but close as sisters. So many memories are running across my mind but one I will never forget when my stepson passed as soon as you found out you were the first one here and the last one to leave. when we were trying to figure out where to start putting the money together for the funeral you gave all you could and after you did everything came together. You came night and day to make sure we were good. The heart you have is bigger than the ocean and I will be forever thankful for you. Thank you for everything. you will be forever missed*
