“ Kelvin was a very selflessness and talented man. Examples not only from coaching the younger generation in sports, but also being a great coworker and friend. We worked a many of projects together at USASOC. You may be missed but your legacy will continue through the strong mentoring provided to the youths in coaching, along with the years of dedication and support he provided to the SOF community.

“ In heaven resting with the Lord. Although I never met Kelvin I heard Patch talk about him all the time. So even though I never met him, I knew who he was through Patch. He will be dearly missed.

“ I remember the first time I met Kelvin, he came into my office fussing about me calling him to get cables run. Little did he know the calls would continue until I retired. It was during one of his runs out to Camp Mackall that we realized that his Daughter Ericka is my cousin. We continued to work closely together with me calling him for help.
