“ Dear Larry, Thank you for our time together. With all the things you thought were wrong, you were my first love. And you loved me so much. We were so young. I think we were both still trying to figure out what love was. We wore it on our matching shirts. Even our car tag was "L. Love" And we danced. You taught me well. You gave me a chance to be " Lita Love" and it was so sweet. (People still smile when I tell them that.) You played a big part in the woman I've become today whether you realize it or not. You gave me courage when I had to make a hard decision. For better or for worse. We were one and we were connected. We danced a love dance and Amazed so many. I pray you found peace with yourself and with God. May He keep you in His care. And He will. I have to believe that. Be strong Larry. So much more I could say. Love Lita, ❤️ Lita Love.

“ *I knew Larry for a few years as a player on my 8-ball team at the Green Room in Durham, NC. He LOVED...LOVED...LOVED the game. He was also a very good teacher when it came to showing things to other players. I visited him frequently after he had been admitted to Hospice care (as I worked in the same facility). I wish I had known him better and I wish we had had more time with him. I know he is in a better place now. ~Tom Simmons*

I met Larry a few years ago at the Green room in Durham nc. I saw a quiet man shooting pool by himself, as I observed him, I notice that he had a pretty good game so I went over and introduced myself. We began talking about pool which I which I came to believe we both had a very strong passion for the game so we ended up playing a few games together that night. At the time I was looking for two new players for our 8 ball team Wednesday night so I asked if he would be interested in joining, he was so excited to be a part and brought a friend along to fill the second spot name Randy. Larry and I became real good friends after that. We kept in touch always shooting pool together, going to tournaments and one he came to my house in Henderson to play, before Larry sickness we had planned a trip to ATLANTA GA. to meet friends of his that get together on occasion and shot pool over the weekend. Am going to miss my dear close friend, my heart is very sad but it gives me comfort to know he's in the care of our father now and our father will see you through this difficult time.
