“ *My Dad was born in 1935, not 1936. He was a hard working man who raised my brother and myself and an excellent provider for his family. He was incredibly intelligent and I got to learn many lessons from him on our road trips, or even just a quick run to the store. He never missed an opportunity to share his knowledge of astronomy, geography science and life. I have many fond memories to look back on and that will bring me comfort every day. I love and miss you always Dad.*
