“ *She will be missed by all who knew her. Great woman, great daughter. Valerie, my prayers will continuously to be with you. You provided your mother with the absolute best care you could possibly provide and for that, you will forever have those memories. Ms. Priscilla was a strong, beautiful woman and she will always be remembered as such. A woman who loved her family.*

“ *My condolences to the family. I would visit her periodically sharing a scripture. She had a lovely yard. That was her joy. She gave me some irises some years ago. Now I will think of her when they bloom in the spring. One day death will not separate us. Jesus gave us that resurrection hope. RIP our wonderful gardener.*

“ Dear Valerie, Marella, Richard , and Family;

I will always remember your mother/loved one and my friend as the woman who first taught me how to write computer programs when we attended Fayetteville State University. We would go on to work together as members-of-the-technical-staff (MTS's) at first, Bell Labs, then Bellcore in New Jersey. Priscilla was the first (and maybe, only) woman I'd ever met who could pop the hood of a car, diagnose and, in most cases, fix the problem. She always did have a 'green thumb.' I recall that she would give me the most beautiful plants. I would feel badly when the plants would succumb to my lack of attention. It was no surprise, when she started her own landscaping business. I will cherish the memories of my time with her. And, my prayer for you is that God will continue to comfort and guide you in this season of sorrow. (Revelation 21:4)

“ A friend from elementary area all the years at Armstrong high school, I would like to say these words. Amazing grace! How sweet the sound That saved a wretch like me! I once was lost, but now am found; Was blind, but now I see. Thro' many dangers, toils and snares, I have already come; 'Tis grace that brought me safe thus far,, and grace will lead me home. When we`ve been there ten thousand years, Bright shining as the sun,We`ve no less days to sing God's praise Than when we'd first begun. But today my friends, when the lord call us, we can not refuse, we must go, leave our love one behind, take care please.....ROCHESTER KING.

“ Sincere condolences to the family & relatives. Priscilla attended the same high school as I did and was always cordial. She played basketball & had a good jump shot. When I saw her years later, she was friendly & focused on life. All the Eagles of Armstrong High School will miss her.

“ *My heart is saddened from the loss of our loved one, but my heart is also rejoicing. No matter how well prepared we think we may be...death is never easy. I was told to not be sad when this day came but to rejoice instead because she knew there would be no more days of pain, fear or anxiety. So I pray, that we all, are willing to rejoice with the beautiful Priscilla Ann Powell-Simpson!*

Deepest sympathy is extended to the entire family. Perilla was a hard worker very dedicated. She was a joy to work with many years at Rohm&Hass. To be absent from the body is to be present with the Lord

“ My first meeting of Priscilla was as a bus driver when I was in elementary school. I thought she was awesome at the bus rodeos because she could put the guys to shame. Her smile was radiant and her kindness drew you in. Our last conversation was at our last Armstrong Family and Friends Day, she was just so happy to be there and to see everyone, She wanted to and did soak in the joy and love. Family, may you find comfort in God's Word and the memories of precious times together because she loved you and God. She enjoyed life and would want the same for you. Your loving care made her life blessed.

“ At this difficult time for the family and friends of Priscilla we know that she has departed from this earth, but is still alive in our hearts as we will always cherish the precious memories we shared. Time of our acquaintance only afforded me a few, but I will treasure them forever. May God grant you the comfort and peace you need today and the days to come.

“ Priscilla was my sister from another mother; inspiring and guardian
angel. I've known her since I was in the first grade and she was in
high school. My mother was her teacher and mentor. Our lives were
intertwined like one of the trees she used to plant and nurture. She
nurtured me throughout my life, in sickness and health! The most
generous soul--always giving--especially sage advice. She used to
say, "You're good at giving advice, but , not so good at taking it." It
was our joke about each other. My heart is broken that she's not
here to tend to me. But, she and my mother are working math
problems and advising God on his garden of Eden!

We met at FSU as undergraduate students but I don't think our paths every crossed again after 1970. I recall she was kind and always greeted me with a smile. I can only hope that after 50yrs someone can say the same for me. Prayer for the family.
