JL

“ I am shocked and deeply saddened after recently hearing the news of Mr. Parkers passing. We had been friends since 1989 when he moved to Charlotte. We spoke multiple times per year ever since up until the end of this past May. Rich was a productive member of society and always employed. I respected the man and know his heart was in the right place. I don't know what happened and did not have any indication this would happen. I will miss his Wit, Charm and sense of humor but most of all his friendship. May you rest in peace with God my brother.

“ Our families are close due to our moms' friendship. We are family. But I lost touch with Rick over the years, so the news about his death is quite devastating. I wish I could rewind life to try to save yours Rick. Talking about it maybe wouldn't stop the pain but you would still be alive. My heart hurts for our families. You were the laughter in our dark moments. You were a pillar of care and protection. There are no amount of words that can make sense of it all.

I remember back to my senior year prom and I didn't have a date and I was just going to go alone. My mom thought it would be a good idea to ask you. I didn't think you would want to be around a bunch of teenagers being that you were 10 years older so I didn't want to ask you. But you happily went with me and you enjoyed yourself and fitted right in. I wasn't feeling well but that didn't stop you from teasing me and others, making me laugh. Having to endure your death, I'm so grateful for this memory and so many others. I send my love and hugs to Princess and all the family... with love and deep condolences in prayer...Lisa

I am always learning to never forget a small word of humble appreciation amongst supportive peers amongst gracious volunteers. Your improv and actions will be forever in my reach. A standard was set, broken, and remains due to your friendship. My family is blessed eternal for have experienced your laugh.

“ I met Rich about 6years ago. Very friendly guy. When we would get together we would have some serious talks about what was going on with our lives and world. Every time he would talk to me he would call me crazy because of what I said or done. He knew I didn't care. But would always tell me he loved me. But most of all he loved his family and definitely his bike and biker group. Rest in peace love. See you again one day. I love and miss you 🥹🥹🥹

“ Rich lived across the street from me and was always well spoken and polite even as a teenager. He always said hi to me every day. Years ago we got to know each other very well through our trials and tribulations. I'll miss his crazy humor, his beautiful laugh and his openness. Good bye Mr. P. Until we meet again.
