“ *It has been a long time since I've seen Robert, more than a decade now. On our last meeting, he was still his usual self: confident and offering advice. That happened in front of PWC in the downtown Fayetteville area. I've known of him all MY life and had time to know of him for a short while. I am saddened of learning of his passing and feel great remorse of our not actually reconnecting while he was still among us,. I offer my love and condolences to family members and all those whose live he touched. Finally, I wish to farewell one of the most interesting persons I've ever met and the man who was my father.*

“ I remember my father-in-law as a loving, carefree man who always made me smile. We met over 30 years ago thru his son Vaughn. He gave me advise way back then that I still cherish today. I also remember at our wedding (finally...lol) in 2003, he said, "Right now you love her so much you could eat her alive and six months from now you will wish you had!" I will never forget that! I will forever cherish his memory and the love he always showed me. I look forward to seeing him again in paradise.
