

Mr. Ronald Kocher

December 26, 1946 - February 6, 2025

Ronnie was proud...

...he was raised in Massey Hill and maintained strong friendships and supported the area throughout his life, including being an active member of the Lion's Club for many years, serving as President between 1998-1999.

...of being a Veteran, having served his country during the Vietnam War from 1966 to 1968 as a member of the Army's 101st Airborne division.

... of his family, including wife, Ruby, for standing by him no matter what for over 53 years of marriage; daughter Michele and her "success" by being the family's first college graduate; and of course, son Dewayne, aka, Bebo, who's nearly his image.

...to be an Electrician, getting his initial license in 1976, and others before also obtaining one for HVAC in 1991. But mostly he was proud because this was something handed down from his Dad, Al, to him and that Ronnie passed on to Dewayne, making him a 3rd generation in the trade.

...of owning a successful business for over 25 years that allowed him to give back to his community, directly through donations, but just as often as with his time and services. It also allowed him to check off bucket list items like living on the water and owning a 1976 Corvette Sting Ray.

...above all for those he called friends and who he left his mark on during his journey.

“ *I knew Ronald in high school and as the Massey Hill Class of 1965. He was always an outgoing friendly person to all. Our paths met again at class reunions and in the planning of those. He was helpful in the planning stages and made everyone feel welcome at the reunions. His personality never changed and I will always remember his kindness and respect that he showed to everyone.
