“ Too often we underestimate the power of a touch, a smile, a kind word, a listening ear, an honest compliment, or the smallest act of caring, all of which have the potential to turn life around.

God looked around his garden and he found an empty place, He then looked down upon the earth and saw the giant of a man William Crisp, he put his arm around him and lifted him up to rest. For God only add the best to his garden.

Life is but a stopping place, A pause in what's to be, A resting place along the road to sweet eternity, We all have different journeys, Different paths along the way, We all were meant to learn some things, But never meant to stay. Our destination is a place far greater than we know, For some, the journey's quicker, For some, the journey's slow and when the Journey finally ends, We'll claim a great reward and find an everlasting peace, Together with the Lord.

May God keep, bless and watch over the family during this trying time.
