“ *We would like to express our sincere condolences to the family and loved ones of Shepard. Whenever we saw his face at any of our events we felt more at ease just knowing he was on the premises and what made us feel even better was when he would stop by and hang out with us from time to time when he was off duty. That let us know that we had a friendship with one of Cumberland county finest.*

“ I am truly upset about your passing, but I know that you are in a better place and free from sickness and pain!! My heart breaks for Jr, Latoya, Ms Deborah, Mercedes, Durrell, Terra, and Nate, Earl, and Jordan. We know you are no longer here physically but your spirit and essence will always live on!! And I will never forget that smile, contagious laugh (just like your son), and the some of the funniest stories I've ever heard!! Thank you so much for opening your home and heart to me and making me feel like family!! I know for a fact that it was GENUINE....and I rarely feel that just anywhere!! Rest in Paradise Mr. William "Pop" Shepard. Make sure you throw some steaks and chicken on that grill up there and show them how its really done!! <3 always, MeDiah

“ Word can't describe the love I shared for Uncle Pop. He gave me wisdom, he spoke life into me at time, gave me advice about women, He was there when I had nobody to talk to. I hate to see him go, but his pain and suffering has been turned into salvation and everlasting life dwelling in the House of The Lord. He had such a impact on so many people's live, he was a amazing person. What I'm going to miss about Unc the most is going to his house and he cocked back in that couch, talking mess about everything an everybody.. I used to jus sit there and laugh till it hurt. My heart goes out to Aunt Deb, Toya, Cedes, Rell, Terra, JR.... I hope u can find peace and positivity in light of this tragic situation.. All I want to say is that I love you and I am here with you. Unc live a prosperous life and did everything he wanted to do except buy that Raptor he wanted so bad and always talked about. I bet he got one now.. Riding thru the streets of Heaven with that helmet and shades.. God keep telling him to park that crap but we all know how stubborn he is. He's happy.. Wish I could be there buy my heart is heavy and my spirit is with you all! -Brandon

“ To my niece Toya and nephew Jr, Debra, Darel and Mercedes my extended family, I love you all and I know this is a diffucult time but you must hang in there. I am praying for you guys to have the strength and be strong to make it through the next few days. This has saddened my heart truly, and I know I do not want to say goodbye to my brother, but brother I know we didn't want to see you go. You fought a good fight, but the pain and suffering was just to great for you. To my first brother in law, you will truly be missed,until I see you again!Love You, Tammy.
