“ I JUST LOVE YOU! We were suppose to grow old and spend time reflecting on our lives together. With over 30 years of friendship, we had so much to talk about. I am truly hurt by your passing...but in my selfishness, I am still reminded of how giving you were of your own self. For that reason alone, I have to understand that you had to go. The creator of all has a bigger assignment for you and with me knowing you, you are already handling your business. I have cried and cried, I have reflected and reflected...I have questioned what is and I have laughed over our memories. I can't deny that I feel that you are gone to soon, but I will say this...you will never be forgotten by myself or my family. I miss you, I love you and I will always remember our last few conversations. Until next time.....fly well Tip-Lite....Fly Well!
