“ *The ITS department, the FSU community, and I were deeply saddened to learn about Tommy's passing. We will not be the same without him. He was more than a colleague; he was a big brother who taught me about client services, IT, professionalism, and more. He introduced me to the campus community, where I found friendship and support. He also inspired me with his faith and wisdom, guiding me to discover the deeper meaning of life. He was a mentor, a friend, and a role model who did not back down from what he felt was right. I will always remember him and cherish the lessons he taught me.*

He was a jack of all trades! If Tommy did not know how to fix something, he researched it until he fixed it or he knew who to call to get things fixed. Thank you, God, for allowing him to be a part of my life as a friend, brother, colleague, and work neighbor. Please accept my heartfelt prayers and sympathies to his beautiful wife, daughter, family, colleagues, and friends who were blessed by Tommy's spirit.

Colossians 3:23-24 says: "And whatever you do, do it heartily, as to the Lord and not to men, 24 knowing that from the Lord you will receive the reward of the inheritance; for you serve the Lord Christ."

Job well done; rest easy my friend. God has gained a strong warrior in heaven!

“ *Mr. Tommy, I struggled with this one because of you being one of my favorites in the ITs Department. I don't think it was by coincidence that we met because it was always a joy to see you ride by in your cart with that big smile making sure I hadn't torn up any of my computers or the fact that I wasn't fussing about my computer being reimaged (our insider). Thank you for those laughs, that consist helpfulness and overall being one of the best Bronco employees. I will always cherish your helpful spirit and joyfulness in the work you did daily. I thank God for allowing me to get to know you. May you Rest In Peace. I pray your family thinks of your smile during this time and uses it for warmth, hope, and happiness.*

“ Tommy's role in my life was one of many firsts. Tommy was the one who initially hired me at FSU for the IT Department. He was the first black person I met that did IT and it made me feel like it was possible to succeed in the field. He always had time for a quick word and shared a smile. I talked to him moments before he passed and he had the same smile he always did. I'm going to miss him dearly.

“ Mr. Tommy I have known you since I was a student worker years ago at ITS and you have always been the same kind hearted, caring man. I was so happy I was able randomly see you and talk with you at the Homecoming game. I never knew it would be my last. FSU ITS and the campus community will not be the same without you. Sending prayers and Love to his wife, daughter, family, and all who were blessed by his kind spirit.

“ Tommy, a cherished member of the FSU family, is a profound loss to all who had the privilege of knowing him. His generous spirit and unwavering support were a beacon of light for those around him.

Tommy was more than just a friend to us; he was a guardian angel when it came to technology concerns on our beloved campus. Many of us found solace in his knowledge, knowing that our tech worries would be resolved with a kind word or a joke about our skills.

But it wasn't just technology where Tommy shined. His presence at FSU home games was a source of great joy for all who sat near him. We shared moments of cheering for our FSU team and his presence at those games turned strangers into friends.

Tommy was an Aggie and a Carolina Panther fan. His love for his teams was a testament to his dedication, win or lose.

As we bid farewell to our dear friend and fellow Aggie, we remember the warmth of his smile, the kindness of his heart, and the relief he brought to our lives. Tommy's memory will forever live on in the cherished moments we shared with him. Though he may be gone, his spirit will always be present at FSU. Tommy, thank you for being the blessing that touched our lives and you will be deeply missed.
