“ Hey my Big Country just dropping by to say I love and miss you so much. I think about you all the time wanting to pick up the phone just to hear your voice. You would be so proud of Lil Country he is really coming into his own. Well I'll see you one day but until then just know your Child as you would call me miss you.

“ Hey Big Country today is August 3rd it's almost been a month with you being gone and it's still a battle not to think about you everyday. I had a moment Friday you were heavy on my mind and I couldn't shake the sadness that I was feeling but I prayed and asked God to help remember the sadness because I know you are in a better place with Him. Well I'll be back to let you know how my week has been. I hug your obituary everyday just to feel a little closer to you. I will continue to post until they take it down. I love you. Ttyl

MY

“ Wanda and I had the awesome opportunity to represent FSU as queens. Miss Rudolph Student Center went to a beautiful spirit and person. We attended countless events together and her smile always radiant and calming. I know that our time in 1985 was smooth because there was nothing like riding with my home girl. I know we have not seen each other in years however God's light endures forever. I thank God he shared it with me.

Love ya,

“ My friend, sister and fellow educator. There could only be one Wonderful Wanda. I am so thankful for the time we had together. Though I selfishly planned on many more fun times and making more memories, I know all is well with you know. Fly beautiful butterfly! You have earned your wings. ❤️
