“ *I thank God for Dr. Brown; he was the first principal that I ever had who took a special interest in all of us who attended Elementary #12--now renamed Ferguson Elementary. I always remember his watchful eyes over all of us little children whenever we were walking the halls going from or coming to the library and the lunchroom. I also remember the day he arrived at Washington Drive Junior High School as the new principal whenever I was in the seventh. This man was truly a beacon in my eyes whenever I was under his leadership at both these schools. He taught me that though I was poor, I could succeed. Thank you Dr. Brown for loving us girls and boys who have now become men and women who lead. Thank you for your sacrifice on our behalf. Linda J. Clark-Gladden*
