“ Hey Will,
I know you are looking down at me, shining your bright light from Heaven. I see it and I see you. There are no regrets in my book because we said everything that needed to be said everytime we talked. You are that special friend that I loved to talk to. You made me laugh when I thought laughing wasn't possible. Your energy is AMAZING and very much contagious. Your time on earth has ended but I can see you now riding that bike through the clouds with a huge smile on your face. Your mission is completed and GOD had a different plan for you. Just knowing that, I can agree that you are in a much better place. Don't forget to check on the CREW because we definitely won't forget about you.... I LOVE YOU WILL!!!

“ My heart is so broken right now into a million pieces for i have lost my brother. It may have not been by blood but definately by love but if we were together you would have never known we were not blood related. I will miss him so much but he will forever live in my heart. I constantly told him i loved him and he would tell me the same in return, as a brother and should do on a regular basis. I have cried and asked why my brother but i had to remember we should never question Gods choices, that is when i realized he needed my brother more for his army in his kingdom. I LOVE YOU MY BROTHER REST WELL AND WE SHALL MEET AGAIN ONE DAY!!!!
